BRITISH FIRST ARMY SEALS DEATH TRAP ON 80,000 AXIS SOLDIERS COOPED IN MOUNTAINS OF CAP BON PENINSULA

Troops Caught In Net Surrendering By The Thousands

By ROGER GREENE
Associated Press War Editor

Axis troops caught in a death trap were reported surrendering by the thousands as the British 1st Army slammed the door on perhaps 80,000 German and Italian soldiers huddled on Cap Bon peninsula in Tunisia today, and frontline accounts declared:

"A fate worse than Dunkerque has overwhelmed Hitler's Africa Corps."

A Reuters (British news agency) dispatch said it was officially announced that enemy resistance on the peninsula—the last major Axis foothold—was collapsing.

"It's all over. There isn't going to be any Axis Dunkerque," an Allied general told The Associated Press.

Simultaneously, French headquarters announced that German troops in the Zaghuan mountains southwest of Cap Bon had asked for armistice terms and the French commander had demanded unconditional surrender.

Only Axis forces in the extreme south, facing the British 8th Army, appeared to be offering resistance.

Daniel De Luce, Associated Press correspondent, said Hitler's famed shock troops had become a desperate rabble, running for their lives into the rocky hills of the 45-mile-long peninsula, while offshore the British fleet smashed Axis small boats attempting to escape from the shattered North African bridgehead.

Sweeping clear across the western entrance to the peninsula, armored British vanguards reached the outskirts of Hammamet, on the southern shore, and also sent spearheads plunging into the heart of Axis last-stand defenses.

A Reuters message from Allied headquarters said the British entered Hammamet this morning.

"The towns of Soliman, Gromballa and Menzel Bou Zelfa have now been taken over by British infantry," Allied headquarters announced.

In London, Deputy Prime Minister Clement R. Attlee told a cheering parliament that Axis prisoners captured since May 5 totaled 50,000—mostly Germans—and said British 1st Army casualties were 1,200 in the final advance on Tunis and Bizerte, and 8,400 since April 17.

British 8th Army casualties from April 20 to May 3 were listed at just over 2,400, including wounded and missing.

American losses were not immediately disclosed.

JAP CLAIMS OF ADVANCES UNCONFIRMED

Tokyo Asserts Wavell's Forces Are Being Rolled Back In Grave Thrust

LOCALE UNDISCLOSED

By the Associated Press
A Tokyo broadcast asserted today that Japanese troops, rolling back Field Marshal Sir Archibald P. Wavell's British forces, had advanced to within 12 miles of the Indian-Burma frontier in one of the gravest threats of invasion yet to confront India's 390,000,000.

The locale of the thrust was not disclosed, and confirmation was lacking from any Allied source.

British headquarters acknowledged three days ago, however, that Marshal Wavell's legions had been withdrawn from Butedaung, 60 miles north of the big Japanese base at Akyab, under pressure by enemy infiltration forces.

The Tokyo radio said Japanese troops were "mopping up enemy remnants" near the border.

Today's British communique, giving no hint of a major setback, said British artillery bombarded (Turn to Page Nine)

London, May 11—(P)—In response to Generalissimo Francisco Franco's latest peace appeal, Foreign Secretary Anthony Eden today reiterated the declaration that the Allies' terms "are unconditional surrender."

Belfast, Northern Ireland, May 11—(P)—A mine floated ashore and exploded near the west coast village of Donegal today, killing 17 men and injuring four.

Mexico City, May 11—(P)—Six thousand unskilled Mexican laborers will leave late this week to work for railroads in the United States, labor ministry sources said today.

Approval Of Thirty More Volunteers Are Needed For Mobile Unit Visit

Executive Director to Administer Parole Board Temporarily

FINE RECORD CLAIMED

Harrisburg, May 11—(P)—Governatorial approval of legislation substituting a three-man state parole board for the year or five man body was indicated today as the state system operated without an administrative board.

The retiring board, headed by Dr. Louis N. Robinson of Philadelphia, automatically left office with adjournment of the legislature over the week-end and Governor Martin told a press conference yesterday G. L. Giardini, executive director, would be in charge of the system until the new legislation becomes effective June 1.

Dr. Robinson, Miss Mary Belle Harris of Lewisburg, John F. Haggerty of Pittsburgh, Dallas W. Armstrong of Newville and J. Paul Pedigo of Dillsburg were appointees of former Governor Arthur H. James. Their nominations were withdrawn in January by Martin but they continued in office during the assembly session.

Reviewing the year the present system has been operating, Dr. Robinson in a farewell statement asserted "we have set a most enviable record in the field of parole."

He listed 3,557 parole applications heard, 3,078 granted and 479 refused, adding of those released "only 59 have been returned as violators—less than two per cent."

Twenty Dead In Mine Blast In Alabama

Birmingham, Ala., May 11—(P)—Twenty men were killed, two missing and five others seriously burned today in an explosion at Praco Coal Mine No. 10 of the Alabama By-Products Corp., 20 miles west of here.

P. H. Neal, manager of the mine and by products department of the company, said the 10 bodies were found by rescue parties shortly after 10 A. M.

Previously, 12 of the 22 men underground when the explosion occurred had been brought out, five of them severely burned. Neal said the hope that the 10 men still in the mine would be brought out safely.

The dead men were trapped approximately a mile and a half below the surface.

The five injured were brought to a Birmingham hospital and listed as having "severe burns."

Seven others who were in the shaft walked out uninjured. Neal said the 10 bodies were found by emergency crews after four hours of efforts to break through the debris of the explosion, and more than an hour after (Turn to Page Nine)

New Act May Ban Strikes

Washington, May 10—(P)—Labor legislation which members predicted would have plenty of teeth in it was expected to emerge today from the house military committee.

Chairman May (D-Kv) said it probably would follow closely the lines of the senate-approved Connally bill, with the addition of major provisions of anti-strike bills proposed in the house by Rep. Smith (D-Va.)

Red Cross Headquarters Issues Appeal For Blood Donors

CAMPAIGN IS PRESSED

Red Cross headquarters need approximately 30 more volunteers to make donations at the next visit of the mobile unit from Buffalo which will spend two days in Warren Monday and Tuesday, May 17th and 18th.

Names of new volunteer donors have been received in fairly good numbers a member of the committee said this morning but many of those who gave in January have been inducted into the armed services or have accepted war positions out of town.

Each month, when the Blood Bank Mobile Unit visits Warren, it is the plan of the committee to have one day devoted to donors who can now make a second donation and the second day to those volunteers making their first donation.

At the time of the January visit more than 96% of those making a donation for the first time volunteered to donate again when called upon. But, many of these persons are now out of town and cannot be reached.

With some 2,300 Warren county men now in service the local Red Cross chapter would like to see volunteers for the blood bank equal the number of Warren county men and boys now in uniform.

"A donor to the blood bank for every sailor or soldier in uniform" is the slogan Red Cross headquarters is trying to inject into the blood bank campaign.

Officials of the Buffalo headquarters, American Red Cross, are pleased with the response they have met with in Warren thus far. But, if the good record is to be maintained here in Warren new volunteers must be found at the rate of 160 or more every month for the next eight months. Through the public spirited and patriotic efforts of the drug stores in Warren and the efforts of the two theatres this campaign to enroll new donors has been carried on for the past five months.

In order to avoid a fall-down in the summer months ahead the local blood bank committee, M. G. Keller, chairman, have plans underway for a short, intensive campaign that will bring the importance of donations to the Red Cross Blood Bank into the homes of all Warren citizens. In the meantime there is an urgent need for at least 30 more volunteers (Turn to Page Two)

17 WITNESSES TO BE CALLED IN ERIE TRIAL
Erie, May 11—(P)—District Attorney Burton R. Laub announced he intended to call 17 witnesses as the murder trial of William McCausland, 29, defense plant worker, opened today.

Laub said he would ask the jury of ten men and two women for the death penalty for the defendant, who is charged with killing Leo P. Knoll, 36, a truck operator, in a west side cafe last March 4.

A jury panel of 91 was exhausted yesterday before the 12 were selected and two alternates finally were taken from persons who had been rejected.

Uncle Sam Not In Need of Any Long Blonde Tresses
Washington, May 11—(P)—The Office of War Information likes blondes as well as the next fellow, but it doesn't need any of their hair—honest!

So, blonde, put away the scissors and relax.

An avalanche of parcels containing everything from single strands to sizeable hanks followed a report that OWI wanted long

blonde tresses for war production purposes.

Since it had no use for the hair, OWI scurried today and found that the Washington Institute of Technology, College Park, Md., which has a war contract, could use a limited quantity in making weather instruments. The hair and a few bales of correspondence went to this company. For hair that is accepted the price is \$1 an ounce, payable in war bonds.

DEFENSE AT NOVOROSSISK STIFFENING

Reds Crawl Forward Yard By Yard In Some of Bloodiest Fighting Of the War

MAJOR AIR ACTIVITIES

By EDDY GILMORE

Moscow, May 11—(P)—Red army troops crawling forward yard by yard in some of the bloodiest fighting of the Russian-German war since the days of Stalingrad, battled furiously today within the German defense lines at Novorossisk, but it was reported they were meeting stiffening Axis resistance.

The Red air force meanwhile kept up a major scale series of attacks against the German supply lines all along the front but apparently was not successful in halting the flow of supplies and reinforcements the Germans pushed into sectors of the Kuban to feed their numerous counterattacks.

Tanks, armored cars, motorized artillery and heavy field pieces were reported to have been brought in by the Germans.

A dispatch from the Black Sea fleet said that its air force was continuing attacks upon enemy supply ships and land positions.

(The German communique said Russian attacks were made at only some points of the Kuban with light forces and these were "repulsed partly.")

The communique, broadcast by Berlin and repeated by The Associated Press, said planes had destroyed 159 tanks between April 29 and May 10. A 3,000-ton Russian freighter was reported sunk in the Barents Sea.

A German attempt to answer the Red air force sweep against their rail lines and supply centers by sending 200 planes in an attack on the Rostov-Batalsk area, gateway to the Caucasus, was met by withering anti-aircraft fire which brought down 43 of the raiders, it was reported.

On the ground, in the narrowing strip of the German-held Kuban, large forces grappled in trenches, in the valleys and on the mountain sides, with the Russians aiming at the systematic extermination of the Germans and Rumanians.

The party meeting, with Republican Leader Joe Martin of Massachusetts presiding, was set for the house chamber prior to opening of the second day of debate on a measure extending the president's trading authority for another three years.

Meanwhile, Democratic leaders tighten their lines in an effort to beat down the "veto" amendment, which they argued would deal a death blow to the whole reciprocity program. A vote is due tomorrow.

43 NATIONS PLAN TO ATTEND CONFERENCE

Washington, May 11—(P)—All 43 governments invited to participate in the United Nations food conference opening at Hot Springs, Va., May 18 now have been accepted, it was learned at the state department today.

First of a series of United Nations conferences planned to deal with problems arising out of the war, the Hot Springs parley will discuss a wide range of questions looking toward achievement of world peace and reconstruction.

The conference will be purely exploratory and its recommendations will not bind any government.

Relative of Local Citizens Is Killed
Mrs. N. J. Andersen, 103 Connecticut avenue, was called to North East this afternoon when she learned that her nephew, Neal Cunningham, physical instructor at Chatham Field, Savannah, Ga., had lost his life by being burned to death. Parents of the young man, Mr. and Mrs. W. R. Cunningham, were notified by army officials of his death but no details were learned. The Cunninghams formerly resided here, the mother being the former Evelyn Clark of this city.

Opposition To Legislation On WPB Increases

By WILLIAM F. ARBOGAST
Washington, May 11—(P)—Legislation to strip the War Production Board of its authority over civilian supplies landed in a brawny patch of Republican opposition today when it was lofted over to the house by the senate.

Rep. Wolcott (R-Mich), ranking minority member of the house banking committee which gives first consideration the measure, expressed the opinion which is bound to confuse the whole set-up.

Wolcott said he construed the legislation as an attempt to settle by congressional action friction between the War Production Board and the armed forces over priorities sought by both the armed services and civilian agencies.

The bill would empower an administrator appointed by the president to determine the needs for rationing and to ascertain the types and quantities of materials, manpower and other services necessary to keep the civilian population "healthy and functioning effectively."

The new agency would replace the Office of Civilian Requirements recently organized by WPB Chairman Donald M. Nelson.

Ellsburg, N. J., May 11—(P)—The explosion of a hydrogen-filled free balloon near here yesterday was under investigation today after the navy disclosed that two of the three naval officers burned to death were Ensign George E. Homer, 37, of Lakhurst, and Ensign Konstanz, 27, of Toms River.

The name of the third victim was withheld pending notification of next of kin. Relatives of the others were notified previously.

Drive So Successful Third Is Postponed

Washington, May 11—(P)—The treasury has postponed until September the third war loan drive because of the success of the second—which was described as the greatest government financing campaign in history.

Daniel Bell, undersecretary of the treasury, said yesterday that \$5,533,000,000 more than was originally sought was subscribed in the drive, which sold a grand total of \$18,533,000,000 in securities.

SHARP ACTION OVER CHANNEL IS REPORTED

Allied Bombers and Fighters Batter Continent As German Raiders Visit Coast

BIG GUNS BEING HEARD

London, May 11—(P)—The sky over the English channel was filled today with two-way traffic during a day of sharp activity in which Allied bombers and fighters battered the continent anew and the Germans raided an East Anglian town where many girls were killed when an inn was hit.

Big Allied formations swung across the channel soon after noon and for some time, many more squadrons headed toward France.

The raiders began streaming back across the channel from the direction of Boulogne shortly after noon. It was a fine sunny morning for bombing, but the sky was overcast in the afternoon.

Accompanying the air activity was a short burst of shelling by German big guns on the channel between Boulogne and Calais.

Fifteen German Focke-Wulf fighter-bombers swooped down on an East Anglian town early this morning, dropping explosives, machine-gunning buses and dropping a bomb on a building housing a number of auxiliary territorial service girls, where 11 bodies later were recovered.

At least seven others—five civilians and two soldiers—were killed.

The raid was of the usual recent hit-run type, with the Nazi planes scooting quickly back to sea following the foray.

PUREBRED HOLSTEIN BULL BRINGS \$7,700

Hulmeville, May 11—(P)—A purebred Holstein bull brought \$7,700 at a five-hour auction in this Bucks county community yesterday. He was among 85 head of cattle sold for a total of \$63,150.

More than half of the cattle, including the bull, were owned by Joseph O. Canby of Greenwood farm who disposed of his stock because of the farm labor shortage.

A three-month-old calf, son of the bull, brought \$1,000. Highest milk producer was Greenwood Inez, bought from Canby for \$1,600.

FIVE BAIL OUT FROM BOMBER AND SURVIVE

West Plains, Mo., May 11—(P)—All five members of the crew of a twin-engine medium bomber who bailed out 10 miles each of here last night before the plane crashed and burned were accounted for today. The plane was from Barksdale Field, La.

The pilot, Lieut. Byron W. Allgood, suffered broken ribs when he landed in a tree. His home address was unavailable.

HITLER STARTS REORGANIZING ITALIAN ARMY

Goering and Himmler Said To Have Been Sent To The Aid of Mussolini

DEFEAT STUNS NAZIS

London, May 11—(P)—The Netherlands news agency Aneta quoted reports today that a state of siege had been decreed throughout Dutch-occupied Holland and that 26 Dutch patriots had been executed and 10 others sentenced to death as a result of disorders apparently connected with an attempt to stage a general strike.

Aneta said the state of siege was ordered by Arthur Seyss-Inquart, Reichs commissioner for occupied Holland, and quoted the Stockholm newspaper Svenska Dagbladet as saying it resulted from "serious disturbances" following a Nazi order for reinforcement of all former Netherlands army members as prisoners of war.

Aneta added that serious interruptions of the supply of food in the country resulting from strikes were reported.

Adolf Hitler faced the double task today of speeding the defense of Axis-dominated Europe against the next Allied blow while cushioning the impact of the Tunisian defeat on German morale at home.

Indicating that Hitler considered Italy the weak link in his chain of command, the Moscow radio quoted dispatches from Switzerland saying he had entrusted Italy's defenses to two of his most trusted lieutenants—Reichsmarshall Hermann Goering and Heinrich Himmler, head of the Nazi secret police.

Goering will take over the reorganization of the Italian army, the broadcast said, while Himmler through purges among various groups, will attempt a "stabilization of the internal front."

A Berlin dispatch to the Swiss newspaper Tribune De Geneve last night described the bulk of Germans at home as "walking around as though hit on the head" at news of the Allied triumph in North Africa.

Yesterday, the dispatch said, all of Berlin's newspapers were full of the Tunisian situation and spoke of a fight to the last cartridge, adding that the press and propaganda agencies were "now having difficulty to explain the affair."

Hitler's Axis partners seemed convinced that a new Allied blow was in the making.

Rumanian Premier Ion Antonescu was quoted as saying in Budapest dispatch that his country already has lost half a million men in Russia, including prisoners but faces still greater sacrifices.

The present disposition of Gen. Sir Bernard Montgomery's Eighth Army was seen here as probably one of the Axis leader's chief worries.

Another Tunisian question still unanswered was the whereabouts of Col. Gen. Jurgen von Arnim. Captured German officers insist yesterday that von Arnim is still in Africa, but they said that Field Marshal Erwin Rommel left about two months ago because of illness.

Tax Skipping Fight Going Into Senate

BY JACK BELL
Washington, May 11—(P)—It's not the principle, it's how much—

That's what the controversy over tearing up income tax IOU's boiled down to in the senate today as members continued cloakroom arguments over the amount of tax abatement that should be granted to get the country on a current payment basis.

Senator Vandenberg (R-Mich) a proponent of the Ruml-Carlson "skip-a-year" bill approved by the finance committee, told reporters that tax abatement now seems to have the approval of almost everybody and he couldn't see much left to fight about.

The committee-approved senate measure provides for cancellation of 1942 or 1943 taxes, whichever is the lower, for all persons except those with so-called windfall incomes, and the institution of a 2 per cent withholding levy on wages and salaries as the basic effort to collect taxes currently.

Doors Swing Open For Annual Lilac Time Sale at 8:47 A. M.

Potatoes Are Now Served as Bit of Dessert

"And just to think I could have an order for 30,000 bushels of potatoes if I could have gotten them," said George Lauger, the county's Potato King, the other morning. That is just evidence that the demand for the lowly spud has gone into the stratosphere as the potato dealers are hunting high and low for the potatoes to keep the markets moving.

But there is a real potato famine. Every potato became a seed potato when the ceiling on seed potatoes was lifted. Dealers promptly forgot all about potatoes being good to eat and only sold 'em to plant. As the prices soared lovers of the French fried, hash brown and shanty potatoes began to buy them and soon potatoes were practically gone off the market. The grocery man who formerly sold 50 pound bags began to deal them out two pounds to a customer and the supply still couldn't keep up with the demand.

However new potatoes are coming in and there may be a lag during which potatoes will be served as dessert instead of with gravy but eventually they will get back into stride and onto the dinner plate. But until that time, rice, macaroni and similar starches will have a bigger place on the menu.

At the opening day of the sale, a \$25 War Bond will be given away to the person who holds the right number. As each person enters the store, he will be handed a sheet of paper containing a number. Some place in the store the winning number will be posted and if that number corresponds to the number on the sheet he holds, he will be awarded the bond. No merchandise need be purchased in this contest.

The annual Lilac Tournament will be held again this year with prizes awarded as before. This event, which is always held during the Anniversary Sale, is one in which any one may participate, as all one has to do to enter, is to bring a bouquet of Lilacs to the advertising office before Saturday, May 22. Disinterested judges will award prizes of \$5 in merchandise of \$3 in cash in each of the following classifications:

1. Largest bunch of Lilacs.
2. Most attractive arrangement of purple with white lilacs.
3. Most attractive arrangement of purple lilacs with other flowers. Lilacs will remain the property of the store.

A third feature will be the Lilac Marathon, a sales contest among the co-workers, lasting throughout the sale with special awards for the winners.

Expedient movement of the combination rail-air traffic is made possible through direct air express service at more than 350 airport cities, supplemented by rail express service.

At 8:47 a. m. Wednesday, the doors of the Metzger-Wright Company will swing open on its annual Birthday celebration this year the 47th.

"Every Year at Lilac Time" is the slogan adopted some years ago for this important merchandising event and it is safe to say that very few persons in Northwestern Pennsylvania now think of Lilac without thinking of Metzger-Wright's Anniversary Sale.

As in past years, the Lilac shade will predominate throughout the store and in its windows with a profusion of Lilacs being used throughout. Each girl will wear a Lilac smock with the numerals "47" on the front proclaiming that this is the forty-seventh year this store has served the community.

On the opening day of the sale, a \$25 War Bond will be given away to the person who holds the right number. As each person enters the store, he will be handed a sheet of paper containing a number. Some place in the store the winning number will be posted and if that number corresponds to the number on the sheet he holds, he will be awarded the bond. Damage Suit Holds Courts Attention

Common pleas court for the May term opened yesterday with seven cases on the docket for trial. However in going over the list one case was continued; one put over; one settled and four are listed for trial.

The case of Virginia Hollowell, a minor by Thurn Andrew Eliaison, her guardian and Emma Campbell, her mother suing the Allegheny Gas Company for damages due to an accident was settled. The defendants gave \$2000 in settlement which will care for expenses connected in the case. Mrs. Campbell and her daughter now reside in Cleveland where Miss Hollowell is employed in a defense plant.

The first case called is being presided over by President Judge W. Walter Brahm, of Lawrence county. It is one in which Medora Moore, Marian E. Peterson, Charles W. Moore, Ella Servoss, Jessie M. Harris and Robert Moore, plaintiffs are suing the Commonwealth of Pennsylvania for damages done to their properties in the construction of the new highway through Clarion.

Witnesses set the value of the farm at \$125,000 and claim that since the construction of the new highway the value has been lowered to \$110,000.

Fifty Were Present At Sodality Day

Fifty were in attendance at the Communion Breakfast, which was one of the activities sponsored by the Sodality of St. Anthony's church for World Sodality Day.

Irene Richwalsky, retiring Prefect, welcomed the mothers in whose honor the breakfast was given. As toast mistress she announced the following program: vocal solo, "Mother Machine" by Teresa Fitzgerald; reading, "Ma's Tools" by Ruth Okerberg. Mrs. Sigfried Okerberg, speaking in behalf of the mothers, gave a very inspiring talk. The group also heard from Eloise O'Leary, new Prefect and Mary J. Richwalsky, advisor of the Junior Sodality.

The evening services opened with the procession of Sodality. The program for the evening was as follows: Hymn, "On this Day, O Beautiful Mother"; address by Rev. M. J. Macken, Presentation of Service Flag given to the church by Mr. and Mrs. J. M. O'Connor; Reception of new members into the Sodality of St. Anthony's.

The following officers were installed for the coming year: Prefect, Eloise O'Leary; Vice-Prefect, Irene Richwalsky; Secretary, Mary Jane Richwalsky; Treasurer, Teresa Fitzgerald.

The ceremony closed with Benediction of the Blessed Sacrament. The Sodality wishes to thank the messengers, Miley, McGuire, Moldovan and Lida Cashmere who assisted with the breakfast, and Catherine Eustice, organist.

Obituary

MRS. GEORGE E. ANTHONY Funeral services in memory of Mrs. Florence Levinia Anthony, wife of George E. Anthony, who died here yesterday morning, will be held at two o'clock Wednesday afternoon at the Wesleyan Methodist church at Pittsfield, where she resided before taking up employment at the Warren State Hospital.

Friends may call at the Hull Funeral Home in Youngsville until noon tomorrow.

MRS. EMMA DAVIS

Mrs. Emma Davis, superintendent of the Watson Memorial Home, passed away suddenly this morning at the Warren General Hospital, where she has been a patient since last Friday. Removal was made to the Lutz Funeral Home, where friends may call. Complete funeral arrangements will be announced later.

J. WESLEY MOORE

A change has been made in plans for the funeral of J. Wesley Moore, who passed away at Youngsville Sunday evening, and the rites will be held at one o'clock tomorrow afternoon at the Lutz Funeral Home here. Interment will be in Oakland cemetery.

GRANGE NOTES

VALLEY MEETING
Valley Grange, No. 846, will hold its next regular meeting on Tuesday evening, May 18, at which time there will be a Mother's Day program.

At the last meeting of this unit, Mrs. Rosella Bracey and Mrs. Doris Chapman were initiated in the third and fourth degrees. All officers were present but one and M. Woodin, of Freehold, was a visitor.

The program presented was as follows: Several songs by group; duet, Mrs. Chapman and Mr. Woodin; stories and jokes by a number of members. To conclude, refreshments were served by Mrs. Ella Porter, Mrs. Floyd Whitcomb and Mrs. Margaret Brown.

PLEASANT GRANGE
The monthly meeting of Pleasant Grange has been postponed until Thursday evening, promptly at eight o'clock, when Mr. Schweitzer, of Diamond Grange, will be present to assist with the initiation of six new members in the first and second degrees. The usual luncheon will be served after the meeting.

STONEHAM AID
The Ladies' Aid Society of Stoneham Methodist church will meet in the community house at two o'clock Thursday afternoon.

Helen Marian Logan Bride of Lt. Wendell In St. Mark's in Philadelphia On Saturday

St. Mark's Episcopal church in Philadelphia was the scene of a pretty wedding at four o'clock Saturday afternoon when Helen Marian Logan, daughter of Mr. and Mrs. Harry A. Logan, 500 West Third avenue, this city, became the bride of Lt. John Potts Wendell, USNR, and son of Head Master James I. Wendell and Mrs. Wendell, of The Hill School in Pottstown.

Rev. E. P. Wroth, rector of Trinity Memorial church of Warren, performed the ceremony. Given in marriage by her father, the bride was attractively gowned in a period model of white silk faille. Her veil of tulle fell from a cap of old family lace and she carried an arm bouquet of lilies.

Her matron of honor, Mrs. John Marbury Nelson, 3rd, of Bryn Mawr College, wore mauve chiffon, with a matching hat of flower petals, and carried sweet peas, iris and stock in shades of mauve, pink and lavender. Emily Potts Saunders, daughter of Dean and Mrs. A. Pierce Saunders, of The Hill School, was flower girl. Her frock was of white organdy, with pink rosebud applique, and her basket was filled with Sweetheart roses.

Dr. James I. Wendell, Jr., was his brother's best man and ushers were Harry A. Logan, Jr., brother of the bride; Rodney D. Day, Jr., of Philadelphia; Harland Potts Wendell, brother of the bride; groom, and Herbert B. Finnegan, of The Hill School.

A reception followed at the Barclay, where guests included Mr. and Mrs. John L. Blair, Mr. and Mrs. Harold Blair, Eleanor Conarro, Rosanne Calderwood, Mr. and Mrs. Harry W. Schmidt, Mr. and Mrs. H. R. Logan, Mr. and Mrs. H. R. Lewis, Rev. and Mrs. E. Pinkney Wroth, Pinkney Wroth, Jr., Harry D. Kopf, Jr., Mrs. E. G. Hamilton, WAACLT, Jane Keplinger, Monica and Lucy Armstrong, Louise Steber, Mary Corbett, Mrs. Corinne Dean, Allen Dean, Jack Davis, Cadet Richard Meacham, Mrs. R. Z. Morrison, Warren; Mildred Blair, Mrs. A. E. MacDonald, Jean MacDonald, Lt. and Mrs. William Alden Jones (Eleanor MacDonald), Berta Morrison, New York; Mr. and Mrs. John Bancroft, Jr., Wilmington, Del.; Mrs. David Donovan, Mr. and Mrs. Fayette B. Dow, Washington, D. C.; Mr. and Mrs. Fred G. Bannerot, Pittsburgh; Mr. and Mrs. F. G. Bannerot, Jr., Charleston, W. Va.

The bride graduated from Rosemary Hall in 1940, is a member of the junior class at Bryn Mawr College. Lt. Wendell was graduated from Princeton University in 1940, summa cum laude and a member of Phi Beta Kappa. He was a member of the Princeton tennis team and in his senior year was university tennis champion. He has been on active sea duty for the past eight months.

Installed in a federation ceremonial last evening with members of her staff, Miss Louise Nelly is head of the Warren Business and Professional Women's Club for the coming year.

Mrs. Helen Schluraff, of Erie, who is retiring chairman of the district, was in charge of the installation, held in conjunction with the May meeting at the YWCA last evening.

Others inducted were: Vice president, Miss Hazel Keller; recording secretary, Miss Elizabeth Brasington; corresponding secretary, Miss Doris Peterson; treasurer, Miss Inez Leake.

The meeting followed six o'clock dinner served at a long table decorated in spring flowers and yellow candles. After extending a welcome to the guests, Mrs. Schluraff, Rev. and Mrs. Wayne Furman and Mrs. Walter Hanson, of Pasadena, Calif., the club president, Miss Callie Mead, turned the program over to Miss Ellen Thoreson, program chairman for the evening.

Miss Thoreson presented Rev. Furman in a fine address in which he gave thought to anticipating and analyzing the problems of the next post-war period in order to plan now for the peace to come. He mentioned the changed economic situation, transition of over-expanded industries, disbanding of the armed forces, women in industry and labor problems, racial difficulties, resumption of isolationism, relations with the allies and conquered peoples as some of these problems and closed with the question: Are we fit to train the

Mrs. Schluraff spoke briefly concerning the recent district meeting held in Erie and announced the following chosen as district officers: Chairman, Adelaide DeMaison, Meadville; vice chairman, Ruth Soper, Corry; secretary, Mrs. Dickson, Greenville; treasurer, Mrs. Idah Ross, Erie. She spoke also of postponement of the national convention for one year and urged that if possible the local club be represented at the convention in state convention in Pittsburgh.

Routine reports were given by Miss Brasington and Miss Keller and Miss Evelyn Wolstencroft was unanimously elected to membership after her name had been presented by Miss Thoreson. Miss Martha Fuhrer and Miss Blanche Alexander were reported in the hospital. A letter was read from the Red Cross in acknowledgment for club members' kit bag gifts. The auditor's report by Miss Eunice Alexander was followed by announcement of the club's birthday party on June 14.

After Mrs. Schluraff had installed the officers, Miss Mead expressed her appreciation to officers and a membership which has increased from 19 to 48 in the two years of her administration. Miss Nelly accepted the gavel and responsibilities of the club's leadership and the meeting concluded with an emblem ceremonial in charge of Miss Thoreson. Those taking part were Miss MayBelle Bairstow, Miss Peterson, Miss Betty Lopez and Miss Alexander.

Coppers Have Quiet Evening Just Flitting Here an' There

There wasn't anything exciting on the blotter book at the police station this morning but a reading of the entries shows that to be a copper a bird must be a combination Sherlock Holmes, Solomon and Dorothy Dix.

Instance one woman called over the police to talk with them of the welfare of her sister, Dorothy Dix could probably have discussed the thing in an understanding manner but a burly policeman was just a wee bit out of place so with a most diplomatic air the officer decided to take the matter up with Mrs. Jordan, the probation officer. It takes quick thinking.

And then there was the case of the two boys and the nice sailing stones. The kind you heave and they curve in the air and finally settle down in somebody's window. Every man knows about those stones. That's what happened—two boys, one stone and a large window. The cops adjudicated this matter and the window will be replaced and paid for out of the kids' spending money.

Elsa Maxwell never staged a party like one that was going up on Fifth avenue. La Maxwell has given out with some noise at various times and has had a few cows ambling around in hotel suites but

when three of Warren's best known white liners get together. Wow, something has to give. And it was the neighbors. They rang for the coppers to put a silence on the noise. The two guests were escorted out into the ambient air and the host retired to his downy couch. Silence was welcomed by the neighbors.

Another irate woman then reported that a truck had sidwiped her car while it was parked opposite Angove's Market. Search revealed a truck driver who was the scupper. He said the woman opened her car door just as he drove past with a truck load of those things that only God can make. The insurance company will bear the brunt of the dispute and the pair left the police station satisfied that each was right.

And in the intervals the cops oiled their guns and tested the flexibility of the handles of their blackjacks preparatory to going out this morning to round up the tagless purps. Yep, another bloody war is on to be waged relentlessly on the dogs that play among the cabbages and peas. The dogs are to be shot if the police get 'em so "Duke" and "Rags" had better be tied behind the bungalow or they will be a target for the Dead Eye Dicks of the police. Bang!

Yes, it was a quiet evening.

YOUNGVILLE NEWS

Youngsville, May 10—Youngsville churches are again uniting for a vacation Bible School which will be held this year in the United Brethren church from June 21 to July 2nd.

There will be a Beginners, Primary, Junior and Intermediate departments and any children in the community in these age groups are invited to attend.

Hospital Is Given Larger Appropriation

State Senator L. E. Chapin is home from Harrisburg after attending the session of the Legislature which was one of the shortest on record and on which the final day was 17 hours in length. Mr. Chapin is chairman of the Senate Appropriations committee and drew attention to the fact that the committee this year took into consideration the increased cost of operating hospitals and increased the pay for a day's care of charity patients to \$3.50 instead of \$3 as heretofore.

Sen. Chapin also took care of the hospitals in his district in good shape the local hospital having its appropriation increased from \$28,000 to \$29,000 while the Franklin Hospital was given \$16,000 and the Oil City Hospital is given \$28,000 an increase of \$1000 for that institution.

It is interesting in this connection to note that under the state laws the hospitals do not get this amount unless they earn it by giving charity care at the rate of \$3.50 per day. Each report of the hospitals is checked by an auditor of the Department of Welfare and the pay based on what their reports reveal.

Attention is also called to the fact that the legislature this year allowed \$1500 for improvement of roads in the Conplanter Indian reservation.

There will also be various contests between high school classes with a prize given by the Student Council for the tournament winner.

"I'M SORRY - THE CIRCUITS TO WASHINGTON ARE BUSY."

MORE AND MORE people are hearing those words when they try to call the busy centers of war activity.

Not only on calls to Washington—but also to Baltimore, Chicago, Richmond, Atlanta and other war centers in the Deep South and Far West.

The reason is War. War jams the lines with great volumes of calls. And war demands for copper and other materials make it impossible for us to build enough additional circuits.

So we must ask every telephone user to help speed important war calls—your calls—everybody's calls.

Make only URGENT calls to centers of war activity.

SWEDEN OBJECTS

Times-Mirror subscribers of Swedish descent will read with much interest the following written by S. Burton Heath, well known editorial writer for NEA Service:

In 1916 and 1917 Imperial Germany misjudged the amount of slapping around that the United States would endure. Perhaps she was deceived by our re-election of a president who had "kept us out of war." The misjudgment of the Reich's World War I military leaders cost Germany the victory.

Today Hitler is pushing little Sweden around in much the same manner, forcing her hand in apparent belief that she is too tiny to dare make a stand. Two years ago he might have been correct, as a matter of military power politics. One year ago the Swedes might have been forced to accede. Today their position is a changed one.

There is growing evidence that if Hitler forces the issue much further, he may have cause to regret his overconfidence.

On April 16 the Swedish submarine Ulven disappeared in coastal waters. Three days later the commander of her sister ship the Draken reported that, in Swedish waters, he had been fired on by the armed German merchantman Altkirch. The Nazis admitted this, with a cock-and-bull story seeking to justify the aggression. In searching for the Ulven, divers found that the Germans had laid mine fields in Swedish waters: it is believed that one of those mines probably sunk the Ulven.

These events came on top of discovery that a Nazi plane, flying over Sweden, was carrying arms in contravention of explicit agreement between the two nations. Simultaneously there was public agitation about Nazi soldiery crossing Sweden to and from Norway, on leave. Then high Nazi military officials began wandering around Norway in sight of the Swedish border.

The Swedish government and press are becoming belligerent in their attitude toward these episodes, and are warning Hitler that repetitions will be discouraged by armed force. The people are howling down Nazi propagandists; ten men selling anti-Jewish literature in Vasteras had to be saved by the police from a menacing crowd.

Sweden is not a great military power and, on even terms, Germany could take her without working up so much as a decent lather. But terms aren't even. Germany has lost the initiative everywhere, and is now a rat showing its teeth in an ever-narrowing corner.

With help from the Allies, Sweden could help drive the last nail into Hitler's coffin. Her entry into the war might provide that northern bridgehead that we need, at a lower cost than otherwise.

BY ANY OTHER NAME

We do like to find names with sales appeal. There are, for example, the many circumlocutions for what still, in newspaper offices, is known as "press agent." Persons drafted or conscripted for military service are not draftees or conscripts, but "selectees." Real estate salesmen who belong to a particular association are "realtors," and many life insurance and security salesmen are "financial advisers."

It remains for Western Union to add to the list. Henceforth, judging from an advertisement, messenger boys are to be known as "communication carriers."

IT'S THE LAW

It cost Mrs. Edward Gassen \$20 to enter a Madison, Wis., tavern in company with her husband. She is 19 years old, mature enough to be married without parental consent in most states, but not old enough to drink publicly in Wisconsin unless accompanied by a parent or guardian.

We hope that all laws are enforced in Madison with the same unswerving devotion to their letter, if not their spirit.

Tomorrow morning at 8:47 o'clock will be an eventful moment for people of Warren and vicinity, for it will mark the opening of the 47th Anniversary Sale at the Metzger-Wright Co. store. It is our sincere hope that this "Lilac Time" will be one of the most successful events this enterprising firm has ever experienced.

The Red Cross needs thirty more blood donors. Here's an easy and very helpful way to do your bit in the war effort if you are not already enrolled.

The Victory Gardens may not be doing so well, but many a home owner can attest to the fact that the grass is just shooting up.

"After You, My Dear Fritz!"

Washington in Wartime

By JACK STINNETT

WASHINGTON — Decoration Day is just around the corner. That means everyone who has a flag should display it on that day.

What I'm wondering is whether everyone knows that Congress has laid down the law about displaying, saluting and honoring the flag.

For example, if Decoration Day is rainy, too windy or otherwise affected by "inclement weather," the flag should not be flown at all; and that until noon on that day, it should be flown at half mast. That last law is probably violated more often than any other in the whole flag code.

Decoration Day is just one of several when the flag is to be flown. According to law, just as important days are New Year's, Inauguration Day, Lincoln's Birthday, Washington's Birthday, Army Day, Easter Sunday, Mother's Day, Flag Day, Independence Day, Labor Day, Constitution Day, Columbus Day, Navy Day, Armistice Day, Thanksgiving and Christmas plus any other days that the President shall designate—and all state birthdays and holidays.

There is a score of other regulations. The U. S. flag can't be draped around a float, for instance. Most interesting, however, is the fact that the old flag salute for civilians—raising the right arm to parallel the brow, with the palm open—is no longer good form, or even permissible. That, says Congress, is too much like the fascist and Nazi salute. The Shickelgrubers swiped it from us, therefore we will no longer have any part of it.

Just what will happen to you if you don't obey these laws is NOTHING, except that you had better not try to look your neighbors in the face. Congress has provided no penalties, but if you consistently violate this statute, watch out for the FBI. J. Edgar Hoover's boys will want to know why.

THERE'S a story going around here that the British have already formed two post-war plans: (1) If the United States really strings along in determining global peace policies, (2) If it doesn't, that should give the "nationalists"—as they now call themselves—food for thought, but no less food than the "internationalists" have to chew on. The question is simply whether we will have the Versailles Treaty all over again—or something better.

ONE of Washington's favorite yarns for the moment is about the fellow who took his car in for inspection. His brakes, lights, tires, etc., were okayed. He started to drive out to the place where he would get his "okay" windshield stamp. His motor conked out; his car caught fire. Attendants rushed out with fire extinguishers but found they wouldn't work (not having been inspected, we presume).

The fire department finally arrived; sprayed the charred wreckage and departed. The owner was sadly investigating salvage possibilities when up marched the inspector and slapped a sticker on the heat-cracked windshield. It said: "Inspected and approved."

HOLLYWOOD—George Dolenz ought to be in pictures.

And he is, but it's not the fault of the people who told him he ought to be, etcetera. These included many of the big shots in Hollywood, who knew George intimately because they always saw him first when they went to reveal at the reigning red spots. Some of them saw him when they went out, too. Two of him.

George is a handsome, slim Slav-American who got to be known in Hollywood because he was manager or assistant manager of some of the more popular night-niches—the old Trocadero, and later Ciro's. When the big shots said, "George, you oughta be in pictures," George rather agreed with them. He even agreed with them before they said it. That's why he was in those jobs, to be seen and known and attract a movie opportunity.

AND you know how it worked out? This way:

George is one of those boys things happen to. For a great part of his life, for instance, George could never be sure what country he'd belong to tomorrow. He was born in a little village near Trieste, and he was just a boy when, during World War I, Trieste began changing hands with the fortunes of war. Came a day when he was suddenly an Austrian subject, which lasted a while before he became an Italian. Later, trying to get into the U.S.A., he became a self-

styled Cuban. He went to Cuba when he lacked the necessary funds for admittance to the States, later left Cuba. He slipped from Miami up to New York, hiding out and starving, until he was picked up. Next time he entered the U. S. it was in the usual way. He applied for papers, and beelined for Hollywood.

ONE of the things that happened to George early in life was what keeps him out of the Army today. He was nine years old when Italian artillery lobbed shells into a field where he was playing. He got a nasty leg wound. Later, he was on a ship torpedoed in the Mediterranean. Everybody knew him at the cafes—especially when tables were scarce—but it was little theater work that brought his first break. Tay Garnett cast him as a night club waiter, and he could have stayed in the rut for years. He nixed it, opened a club in Mexico City. He sold out and came back.

And nearly seven years after he hit town, he got a screen test and a part in "Faculty Row." The test brought him a Universal contract, a role in "Fired Wife." And how did he get the test? He happened to be around when MGM needed a test partner for Mary McLeod. Miss McLeod, you see, was in a hurry. She'd come down from Canada and given herself six months to make the movies—none of this seven years of waiting and hoping for Mary. Right now, or never. It was that way for George too—right now, after seven years.

Interesting Items Taken From The Warren Evening Times

In 1923

Leo Angove has purchased the Anderson Brothers store which was located next door to his market. He will combine the stocks of the two stores and enlarge his place of business.

H. J. Beiber has purchased the Tasty Bakery on Hickory street and will conduct it in the future. He will specialize in fine baked goods, cakes, pies and other fine pastries.

Saturday evening the United Commercial Travelers had their speaker, The Rev. Raymond Kistler. He gave a splendid talk that was greatly enjoyed. Lunch followed.

At the Conewango Club last evening the Kiwanis and Rotary Clubs united in a happy banquet. The speaker was Frank Chase, of a lumber company and he gave an interesting and pleasing talk.

Today was "kid day" at the High School and scores of the students turned out as they thought they looked years ago. There was a lot of good fun enjoyed and Marion Johnson and Neil Critchlow won the awards for being the "cutest kids."

Next Tuesday evening at the Central Fire Station a meeting will be held when a Marmadoc Golf League will be formed. Some of the best horseshoe players in the town are enrolled in the league and will be present.

In 1933

The Blair Gas Station, North Market street, was broken into last night and a five gallon can of gasoline, some oil and a box of cigars were taken.

"Paying the Fiddler," a clever play was presented at St. Clara's hall in Clarendon last evening. There was a large attendance and the affair was a highly enjoyable one.

Youngville is arranging a drive to secure shoes and clothing for needy folk of the borough. A canvass of the entire town will be made and it is hoped the more fortunate folk will make ready response to the appeal.

Sheffield High School Juniors entertained the members of the Senior Class at a dinner and evening of entertainment last evening. The two classes report a happy time and the menu served at the dinner was enjoyed.

A group of members of the Science Class of the Cory High school spent some time in the city today and while there they visited the North Warren State Hospital for the Insane.

WARREN—47 YEARS AGO

This is the FIFTH of a series of pictures of Warren in 1896 when life was more leisurely, entertainment more naive and names-in-the-news recall the happy times of an earlier generation.

With the advent of beautiful spring weather many babies are now to be seen on the streets. Whether Dad gets new shoes or Ma a bonnet is not so important as that the youngster should be looked after in the matter of raiment.

It is the present plan of the street railway company to have the open car out Sunday. Pleasure riding has commenced and there seems to be a demand for the car.

Plate racks in wood to match the table and chairs are charming features of the small dining room.

Druggists are selling large quantities of camphor and tar balls these days.

The use of the bicycle has so altered the features of young men and women that their countenances are completely changed: The profile is prolonged, nose pointed, eyes restless, lips trembling with anxiety and excitement, and all these to such a degree that every vestige of intelligence vanishes from the wheeler's face. Sometimes mothers have not recognized their sons, and young women have passed by their lovers as if they were strangers.

The fact that thirty bicycle firms have failed in the past six weeks looks as if the halcyon days of the wheel are over.

Town's Bowlers Prepare for Big Event at Penn Center

Singles and Doubles Will Feature Kegling Activities Across Alleys On Wednesday

Tomorrow night the Penn Bowling Center, continuing its policy of bowling at its best, launches one of the year's biggest contests—a handicap doubles and singles tournament to be held across eight alleys.

Merchants of the community have donated prizes for the events and have backed it with over a hundred dollars worth of articles and service offerings, to insure success, assuring one of the largest turnouts in years for an event of this type.

The town's brilliant array of bowlers, from the "200" bracketers down to the lowest are eligible and furthermore all stand good chances of coping one of the mercurious prizes.

Tomorrow night, the Moose club entered an entire team to start an action off and by the end of next week, nearly every team in town will have entered at least few players to attempt knocking some of the "first nighters" out.

Entries are pouring in and for late ones who want to enter their names and averages, call 11 or sign up at the Penn Bowling Center, 710 Penn'a Ave. E.

The following merchants have agreed up to donate prizes:

Kirberger's Jewelry, Crystal Bowl set.

Baker's Cleaners, 8 services.

Harvey and Carey, Pen and Pen set.

Valone's Cleaners, \$5.00 services.

Style Shop, Shirt.

Olson-Bjers Service, \$5.00 cash.

GAME LIMITS AND HUNTING DAYS HELD UP

Harrisburg, May 11.—(P)—Automatic retirement of five of the eight members of the Pennsylvania Game Commission with adjournment of the legislature delayed today fixing of hunting season dates and bag limits until new commissioners are named by Governor Martin.

The retiring commissioners—O. Ben Gipple of Harrisburg, named president at a disputed meeting in January, Ernest E. Harwood of Hazleton, S. Harold Fisher of Huntingdon, C. E. Phillips of Sunbury and A. J. Hanes of St. Marys—were appointees of Governor Arthur H. James but never were confirmed by the senate.

Their names were withdrawn by Martin when he took office but the members continued to serve during the legislative session.

A meeting of the commission, called for next Thursday to act on seasons and limits, was cancelled because the group lacks a quorum. The remaining commissioners are Robert Lambertson of Franklin, Col. Nicholas Biddle, now in the U. S. Army, and Ross L. Leffler of McKeesport, who challenged the legality of the meeting which named Gipple to succeed him as commission president.

Holdout Novikoff Spotlited In Trade Winds With at Least Three Clubs Offering Money

BY JUDSON BAILEY
Associated Press Sports Writer

The major leagues are using the intermission before their first inter-sectional strife of the season to feel out trade possibilities and the foremost figure in their discussion of deals apparently is Lou Novikoff, the Chicago Cubs' holdout outfielder.

Manager Jimmy Wilson of the Bruins disclosed under cross examination last night that three other National League clubs—the Cincinnati Reds, New York Giants and Philadelphia Phillies—have made propositions for the Mad Russian. The hitch thus far is that the prospective buyers want to spend money instead of talent and Wilson is insisting on a righthanded hitting outfielder in exchange for the colorful cloutier who batted an even .300 last year.

James Gallagher, general manager of the Cubs, has taken the position, publicly at least, that Novikoff would either have to agree to the Cubs' terms or remain out of baseball. Nevertheless, Gallagher is making the current eastern swing with his ball club and undoubtedly will be asked about Novikoff at various stops.

Just what rival clubs might be willing to give, or the Cubs take, for Novikoff, is a matter of guesswork. The Phillies, who perhaps need him most, have the least to offer. Besides that if he were traded to Philadelphia he probably would turn up shortly afterward with the Brooklyn Dodgers.

This is because Branch Rickey of the Dodgers and Bill Cox, the

GUS DORAZIO WHIPS BAKSI FOR REVENGE

Philadelphia, May 11.—(P)—Gus Dorazio, who said he'd even matters with Joe Baksi, kept his word last night, battering the ex-miner from Kulpmont, Pa., into submission before 6,457 at the arena and wiping out the memory of Baksi's recent victory in Washington.

Baksi, a plump 205½, looked good in the first and fourth but at all other times was an easy target for the battle-scarred Philadelphia, who weighed 193½. For the blond Baksi, who always came back for more—and found plenty—it was the second loss in 37 professional fights.

They'll be even better Quality Generals ... but they'll be different Generals, too. Different and better in ways that only engineers can dream about. We can only hint ... rayon ... nylon ... and American-Made rubber. Think of never worrying about blowouts. Of a tire that will keep on running and running

and running ... maybe as long as your car. Of a miraculously light tire body, yet one that is far stronger and not bothered by heat.

When? No one can say just now. But it's good to know that Top-Quality Tires ... Generals ... our first love and our last, will be moving out of here some day on your car.

Meanwhile, it seems everybody in town must have decided that this is the place to come for expert advice, dependable recapping (right in our own shop), and where to bring their certificates for new tires.

At least, we're the busiest in our history making new friends and keeping our customers rolling until that General Tire of The Future arrives.

Exchanges in the debate gave a foretaste of issues that probably will reverberate in the 1944 presidential campaign, as Democrats accused Republicans of "isolationism" and heard themselves described as fostering an effort to shape the post-war world by a "new deal" blueprint.

The amendment would give congress the right to pass upon any trade agreements within 90 days of their submission.

Allied Headquarters in North Africa, May 11.—(AP)—Reports from the Cap Bon front today indicated a considerable weakening of German morale.

New York, May 11.—(AP)—Committees of reduced size representing Pennsylvania hard coal operators and the United Mine Workers resumed anthracite wage con-

London, May 11.—(AP)—Rudolf Hess still is confined under the same conditions imposed on his arrival in this country following his mysterious flight from Germany in 1941, Foreign Secretary Anthony Eden told the house of Commons today.

Washington, May 11.—(AP)—Secretary of the Navy Knox, commenting on the Allied victory in Tunisia, said today that the German air force undoubtedly would try to keep Allied shipping from using the Mediterranean routes eastward but "they won't be able to prevent us."

In the north, as U. S. troops counted a bag of 25,000 Axis prisoners, including six generals, Maj. Gen. Omar N. Bradley declared that the unconditional surrender of the enemy at Bizerte "ends the operations of the American 2nd Corps in North Africa."

Meanwhile, in the face of his worst defeat since the debacle at Stalingrad, Adolf Hitler was reported to have sent Reichsmarshal Herman Goering to reorganize Italy's defenses against the likelihood of an early Allied invasion of southern Europe.

A Moscow broadcast, quoting Swiss dispatches, said Hitler had also sent his Gestapo chieftain, Heinrich Himmler, to "purge" war-weary Fascists and attempt to stabilize Italy's home front.

Obituary

MRS. ALICE CHAMPION

Mrs. Alice Champion, 69, of Sheffield died at the Warren General Hospital, Friday, May 7 at 11 p. m.

She is survived by three sons and five daughters: Clark and Mrs. Vera Evans, of Sheffield; Mrs. Olive Hjelm, of Star Brick; Mrs. Hazel Peterson, of Warren; Dirl and Lawrence, of Tiona; Mrs. Rogers Andrews, of Windy City and Mrs. Freda Howard, of Black Creek. One sister, Mrs. Ace Gardner, of Cambridge Springs and one brother, Albert Hoover, of Toledo, Ohio. Twelve grandchildren also survive. Her husband preceded her in death 13 years ago.

SAVE... *Freedom of Speech*

You live in a little town. The sheriff's your next-door neighbor, and the mayor calls you by your first name. Second Thursday every month there's a town-hall meeting. You get up and have your say: about the teacher being unfair to Willie; or how about paving the street in front of your store; or why aren't there more police around the war plant to safeguard the girls going home from the night shift?

That's Freedom of Speech. You have your say, and you speak your mind. What you say isn't earth-shaking. But it's important; because it's a reflection of your thinking about—needing—wanting—one thing or another related to your own or some other person's rights as a human being.

It doesn't matter whether you live in the little town; or a large one; or in one of America's biggest cities. If you don't stand up in a town-hall meeting, you write to your mayor . . . your congressman . . . the President of the United States.

Maybe your criticism goes further than little Willie. It may be about all the textbooks used by the Board of Education; or that pipeline to Alaska; or post-war planning. Any way, yours is the privilege—to have your say and speak your mind. That's Freedom of Speech! You wouldn't want it wrested away from you by fascist fanaticism: so you've GOT to save it! That makes this YOUR WAR, no matter what YOU have to do to win it.

One of a series of now famous illustrations of The Four Freedoms, painted originally in color for The Saturday Evening Post by Norman Rockwell, who, says President Franklin D. Roosevelt, "has done a superb job in bringing home the plain every day truths behind them."

Originally accompanied by text from the famous pens of Booth Tarkington, Will Durant, Carlos Bulosan and Stephen Vincent Benet, when they first appeared in the Post, the Rockwell illustrations now are being distributed as posters by the Office of War Information, and are published herewith with new text, as a service to our country's cause.
